Co-Curriculum at Oglala Lakota College

Introduction

Co-curriculum refers to activities outside of regular instruction, to further enhance student learning outcomes.

Oglala Lakota College is committed to graduating well-rounded students grounded in *Wolakolkiciyapi*-learning Lakota ways of life in the community-by teaching Lakota culture and language as part of preparing students to participate in a multicultural world.

Students at Oglala Lakota College deserve the highest quality education possible; therefore co-curricular activities are essential in the facilitation in the development of the student in the core of *Wolakolkiciyapi* model. Through various domains the student will grow in intellectual development, emotional development, social development and cultural development rooted in the values of respect, generosity, wisdom, fortitude, bravery and humility. Creative and positive thinking are some the facets of student development and the outcome of Extracurricular activities. Co-Curricular activities have a wide horizon to meet the local culture and social development of the student.

Oglala Lakota College prides itself on providing its students with avenues to excel both in and out of the classroom. Co-curricular activities complement traditional education by offering a range of experiences that help students hone and develop interpersonal skills, as well as explore creative, cultural, physical, societal, and spiritual ways of connecting with and learning more about themselves and others. All of these are necessary for students to become successful individuals and contributing members of the larger community.

Students' involvement in activities outside class invigorates them and helps them realize their potential. The skills they learn from involvement with a group, a community service project, mentorships, or the creative arts can be transferred to other aspects of their lives and help them blossom into civic-minded citizens.

Assessment of Co-Curricular Activities

Whereas co-curricular activities have been offered at OLC for many years, they have not been included in the assessment process. It is the purpose of this document to lay out the framework for assessment of co-curricular activities.

OLC's co-curriculum is guided by the College's vision, mission, and purposes (see Appendix A). It helps students achieve the learning outcomes at the general education, course, and program level. As such, OLC's Overall Co-Curricular Outcomes (OCCOs) are aligned with the General Education Outcomes (GEOs; see Appendix B) but also enhance them. Academic and non-academic units contribute to the co-curriculum. The non-academic units involved are Woksape Tipi (library), Agriculture and Natural

Resource Department, TRIO (Student Support Services), the Enrollment Management Office, and each individual college center

Overall Co-Curricular Goal:

OLC provides assistance to students to improve retention, persistence, and completion

Overall Co-Curricular Outcomes (OCCOs):

- OCCO 1: OLC supports student research that strengthens nation building (tribal purposes of OLC; OLC Strategic Goal III; General Education Outcomes 5-8)
- OCCO 2: OLC provides a nurturing environment where Lakota values can be exemplified (cultural purposes of OLC; OLC Strategic Goal 1B; General Education Outcome 1)
- OCCO 3: OLC provides access to a diverse set of information resources to support students' achievement of their learning outcomes (academic purposes of OLC; OLC Strategic Goal II; General Education Outcomes 1-11)
- OCCO 4: OLC supports service learning, the enhancement of classroom instruction by community service (community purposes of OLC; OLC Strategic Goal VII; General Education Outcomes 1-11)
- OCCO 5: OLC provides students the opportunity to participate in the governance system to have input in the decision-making process and to gain necessary knowledge and skills (tribal and community purposes of OLC; OLC Strategic Goal II; General Education Outcomes 1-3, 7-8)
- OCCO 6: OLC provides guidance for student wellness so students' physical and mental health allows them to achieve their learning outcomes (tribal purposes of OLC; OLC Strategic Goal II; General Education Outcome 1)

The alignment of unit-level co-curricular outcomes to the OCCOs, GEOs, OLC Purposes, goals identified in the Strategic Plan and Higher Learning Commission criteria (<http://policy.ncahlc.org/Policies/criteria-for-accreditation.html>) is illustrated in table 1.

CO-CURRICULAR ORGANIZATIONAL FRAMEWORK

CO-CURRICULAR REPORTING PROCESS

Appendix A: Oglala Lakota College Statement of Vision, Mission and Purposes

Vision

Rebuilding the Lakota Nation through Education

Mission

The mission which emanates from the charter of the Oglala Sioux Tribe is to educate students for professional and vocational employment opportunities in Lakota country. The College will graduate well-rounded students grounded in Wolakolkiciyapi – learning Lakota ways of life in the community – by teaching Lakota culture and language as part of preparing students to participate in a multicultural world.

Purposes

Tribal

- Provides the Lakota with outstanding graduates.
- Promotes the study and practice of tribal sovereignty.
- Works with tribal entities toward building our nation.
- Helps students to gain meaningful employment and live healthy lifestyles.

Cultural

- Utilizes Lakota cultural values in all learning frameworks.
- Celebrates Lakota culture including sacred songs and ceremonies.
- Research, study, facilitate, and disseminate Lakota language, culture and philosophy.
- Provides leadership to maintain and revitalize Lakota culture and philosophy.

Academic

- Encourages high student learning expectations through active and collaborative learning, which will be measured through assessment standards.
- Maintains a supportive campus environment through advising, counseling, tutoring, scheduling, and providing financial assistance.
- Practices open enrollment and students will acquire relevant knowledge, skills, and values to make a living in a diverse world, and to be a self-fulfilled person who is a contributing member of their family, community and tribe.
- Pursues the creation of Oglala Lakota University.

Community

- Supports local communities in educational and other development.
- Engages people as active, productive members of their tiospaye and communities.
- Offers frameworks for leadership development in the context of communities and organizations.
- Provides lifelong learning through continuing education and community activities.

Appendix B: General Education Assessment

General Education Mission

The Oglala Lakota College General Education provides opportunities for students to acquire and apply the skills and disposition necessary to become life-long learners and contributing members of their diverse local and global communities through Wolakolkiciyapi.

General Education Goal and Outcomes

OLC's unique mission is evident in the general education goal and outcomes. The general education program has a primary goal which filters through all aspects of the program.

General Education Goal: Students will exemplify Wolakolkiciyapi: Learning Lakota ways of life in community.

General Education Outcomes: OLC has eleven general education outcomes. The general education program encourages students to develop the knowledge, skills, and dispositions to be successful in their degree programs. The learning outcomes are grouped into six areas under Wolakolkiciyapi: written and oral communication, quantitative reasoning, critical thinking, technology, disposition, and diversity. The outcomes state that upon completion of a degree program, the student should be able to:

Disposition

1. Apply cultural values in a learning atmosphere.

Written and Oral Communication

2. Communicate effectively in writing using both Lakota and English.
3. Demonstrate oral communication skills in both Lakota and English.

Quantitative Reasoning

4. Apply quantitative analytical skills.

Critical Thinking

5. Examine concepts and theories across multiple contexts and disciplines.
6. Critically review resource material.
7. Develop ideas to address contemporary issues.
8. Critically examine sovereignty.

Technology

9. Demonstrate proficiency in the use of standard computer technologies.

Diversity

10. Examine the importance of diversity.
11. Examine the contexts of Lakota social organizations, communities and global networks.

Lakota Perspective Provided Through: This course stresses **Wolakolkiciapi** of “learning Lakota ways of life in the community”. This course is based on the values of mutual respect and generosity (woohola na wochantognakapi), seeking to advance each individual’s knowledge through their continuing hard work (fortitude- wowalitake) and willingness to learn new information and viewpoints, as well as to demonstrate it, by speaking in front of the group (bravery-woohitike); all undertaken in an environment of complete truthfulness, trust, integrity and humility. We will do this by embracing the teaching of our ancestors as we learn new ways. (Waunspe wicakiyapi ki iglutanyan ihani unpi kun hena itan waunspe tokeca uha ayin kte.)
