The course will also provide practice in two and three dimensional arts utilizing paints, crayons, ink, color markers, etc., along with practice in classroom crafts (mobiles, paper mache, etc.)

Course Goal: To offer students learning opportunities to acquire knowledge and skills for personal and professional development

Prerequisites: ART 103 Drawing I & ART 203 Drawing II

Required Text: *A Handbook of Arts & Crafts* by, Wankelman & Wigg. Wm. C. Brown Company Publishers, Dubuque, Iowa.

Supplementary Materials:

1. Suggested reading: *Art in the Elementary School*, Marlene M. Linderman. Wm. C. Brown Company Publishers. Dubuque, Iowa.
2. The following supplies will be provided by the instructor. Pencil sharpener, watercolor set, colored markers, scissors, compass, paper glue, glue stick, ruler, number 2 pencil, construction paper, crayons, transparent tape, colored pencils, and an eraser.

Learning Objectives (Wounspe Taku Unspepi Kte Kin He Le E): Upon completion of this course students will be able to:

1. Develop teaching techniques that will acquaint elementary students with a broader and more critical attitude toward art

Assessment: In-class critiques, pre/post-test, quizzes covering the text and class participation

Instructional Methodology: This course will be taught utilizing instructor demos, lecture-discussion format, field trips to galleries and museums, and artist studios.

Homework: Each student should expect to spend two (nunpa) to three (yamni) hours out of class on reading and completing assignments each week, for every hour of class time (each credit hour), in order to perform satisfactorily. Therefore, if a course is three (yamni) credit hours you should spend approximately six (sakpe) to nine (nepcunka) hours outside of the classroom on required readings and assignments.

Reading Load: Reading will include approximately one (wanji) to two (nunpa) chapters per week, plus handouts and homework as assigned.

Lakota Perspective Provided Through: This course stresses **Wolakolkiciyapi** of “learning Lakota ways of life in the community”. This course is based on the values of mutual respect and generosity (Woohola na wochantognakapi), seeking to advance each individual’s knowledge through their continuing hard work (fortitude- Wowacin Tanka) and willingness to learn new information and viewpoints, as well as to demonstrate it, by speaking in front of the group (bravery-Wohitika); all undertaken in an environment of complete truthfulness, trust, integrity and humility. We will do this by embracing the teaching of our ancestors as we learn new ways. (Waunspe wicakiyapi ki iglutanyan ihani unpi kun hena itan waunspe tokeca uha ayin kte.)

Evaluation and Grading: Depending on the number of students: Each student will be required to present one project or each student will be required to present two or more projects. Should each student be required to present more than one (1) project, points will be divided up between the total projects given by each student.

Project(s)	50 points	A = 90 – 100 points
Midterm	25 points	B = 80 – 89 points
Final	25 points	C = 70 – 79 points
		D = 60 – 69 points
		F = 0 – 59 points

** Academic dishonesty will result in a course of grade F**

Written Exams, Lesson Plans and Class Projects:

1. **Should a student miss the midterm exam**, the student **must make up the midterm exam within one week**. Class time will not be used to make up the midterm exam (note my office hours).
2. It is the student’s responsibility to contact the instructor and make arrangements to make up the missed midterm exam
3. Lesson plans are due on day of the student project presentation. See attached Project Presentation Outline.
4. Student project presentations are due on assigned date. See attached Project Presentation Outline.
 - a. Failure to meet presentation due date will result in a loss of all points. Project presentations will be rescheduled by the instructor **only if time allows**.

Any student who does not take the final exam will receive a grade of “F”

Evaluation: Final grades will be determined by the student’s acquired knowledge of design techniques and the quality of submitted projects. Students will be evaluated on:

1. Effort: involvement and self-motivation
2. Aesthetic accomplishment and craft (quality of work)
3. Creative solutions (risk taking and imagination)

4. How well the completed project meets the criteria outlined in the original assignment
5. Sketch book of design ideas

C = Satisfactory Quality Work = Demonstrated concept mastery by scoring 70-79%.

College Policy on Grading and Change of Grades:

http://www.olc.edu/~wwhitedress/studentervices/Docs/OLC_Handbook.pdf see page 9 and 10

Course Requirements and Expectations: Because OLC offers classes in three-hour blocks once per week, (for everyone's travel convenience), if you are absent from one OLC class session, it's like missing three classes at another college

- Students are to be ready to work at the beginning of the class and promptly after breaks with all the necessary material and equipment set in place.
- Students must not spend class time to acquire the materials.
- A day's class consists of a 20 minute instructor demo before student in-class practice begins. Majority of class time will be utilized as in-class working time. Two (2) breaks will be taken during each class meeting. Students should use this time to check their work for accuracy and self-evaluation.
- It is critical for the students to follow the instructions and guidelines given by the instructor—failure to do so will result in the final grade of C- or below. i.e. procedure, preparedness, project deadline.
- If not certain about the instructions and/or project deadlines, it is suggested that students maintain a notebook.
- It is highly recommended that students not miss the demo session. Instructor demos cannot be repeated for individual students who were absent.
- Students are responsible for any class material and/or information (project due date, class material etc.) that they may have missed out due to their absence. You are expected to participate in class discussion; this provides evidence of your interest in and preparation for the class. It also helps gauge the effectiveness of the instruction and everyone's level of comprehension of the material presented. Most importantly, fellow class members benefit from your opinions and insights; in addition, the questions you ask may be about the same topic with which other students are having difficulty, so by helping yourself you also help them.

Attendance and Tardiness

http://www.olc.edu/~wwhitedress/studentervices/Docs/OLC_Handbook.pdf see page 6

Students are required to attend class weekly. Instructors will submit attendance on-line weekly to the end of the semester.

If a student wishes to be excused from a class, it is the student's responsibility to clear the absence with the instructor. However no make up assignments will be allowed.

A student will be dropped from the Two Dimensional Design course after three consecutive absences and will be dropped by the Registrar after five total absences. There are NO reinstatements and No exceptions for students who are dropped for five absences
